

REFERRAL PATHWAYS

Our MHST is one of a few across England that have full borough coverage.

All education staff to discuss with their DMHL any concerns they have of their children and young people at monthly link sessions we have with school.

Member of staff to contact the MHST duty line on 01472 494250 to discuss the child/young person.

MHST discuss referrals daily and will notify you of the decision made from the referral and contact you in due course.
