

Is your child  
starting school this  
September?

**Don't forget  
their School  
Readiness Health  
Questionnaire!**

There's lots to  
think about when  
your child starts  
school for the first time,  
but it's also important to  
review their health and  
wellbeing by completing  
their School Readiness  
Health Questionnaire...

# What's this questionnaire for?

If your child is due to attend a Warwickshire school, you should complete the School Readiness Health Questionnaire online before they start. It helps identify if they have any health and wellbeing needs that they may require support with, in order to reach their full potential as they enter education.

## Who will read my answers?

Your completed questionnaire is sent to Connect for Health, the local school nursing service who take over from Health Visiting when your child starts school. Your answers are treated confidentially and stored securely online. Based on your answers, you will be offered advice and guidance, as well as an opportunity to contact the team for further support.

## Learn more and get started!

You can find answers to lots more questions about our service and the School Readiness Health Questionnaire by scanning the QR code or visiting [compass-uk.org/sr-hq](https://compass-uk.org/sr-hq)

You'll also find the link to start the questionnaire, which shouldn't take more than about 10 minutes.
