

Story

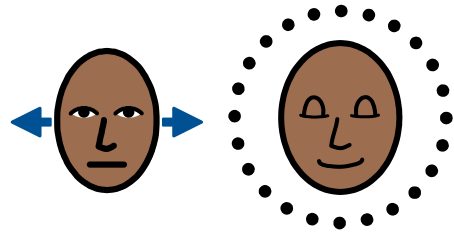

about

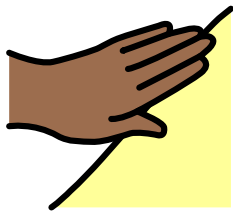

safe

and

unsafe

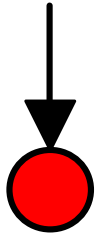

touch

at

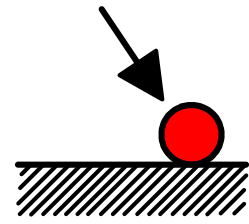

Evergreen School

At

Evergreen School

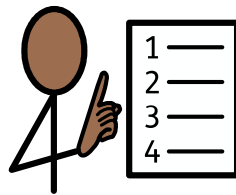

there

are

some

rules

to

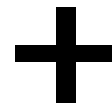

help

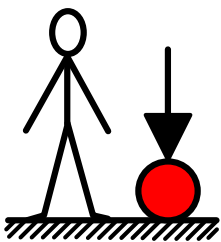

pupils

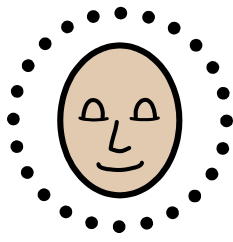

feel

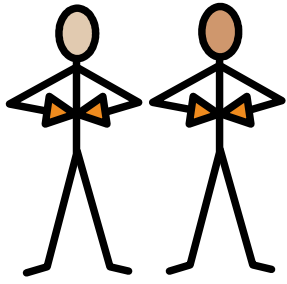

and

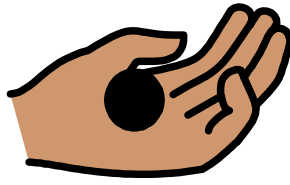

stay

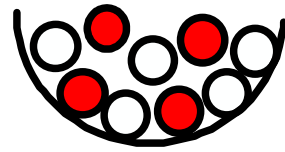

safe.

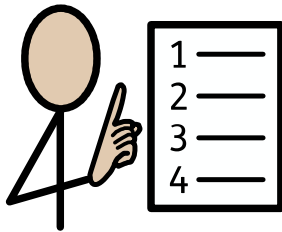

We

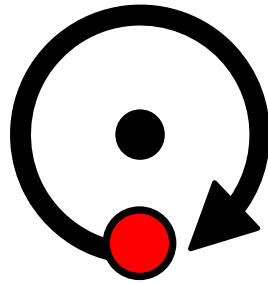

have

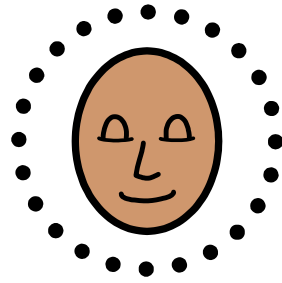

some

rules

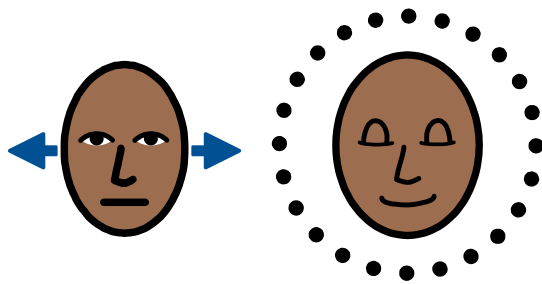

about

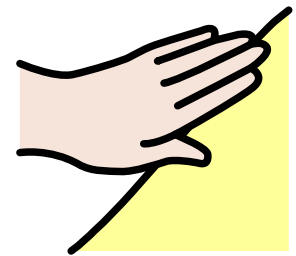

safe

+

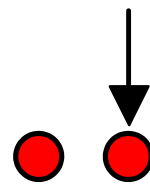

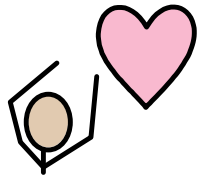

and

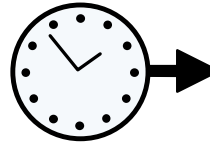

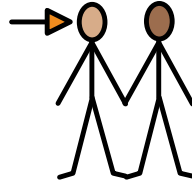

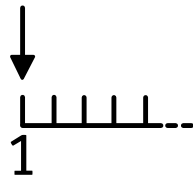

unsafe

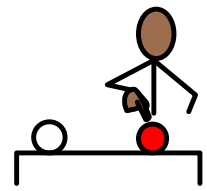

touch.

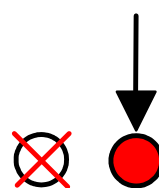

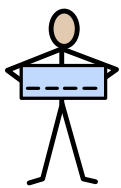

If a pupil wants to hug another

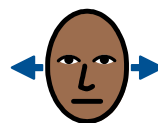

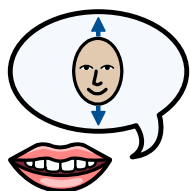

pupil first they will ask,

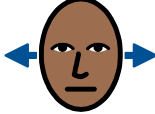

"Can I have a hug?" This

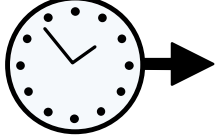

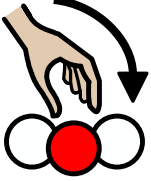

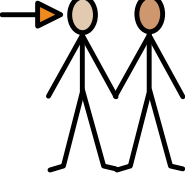

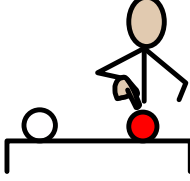

is called consent. The other pupil

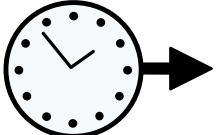

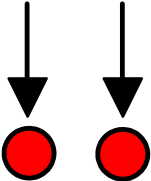

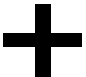

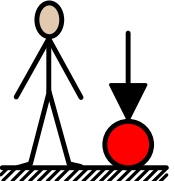

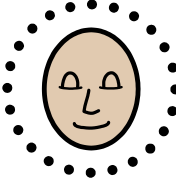

can say yes or no.

   
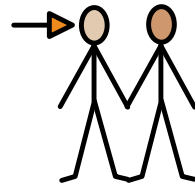

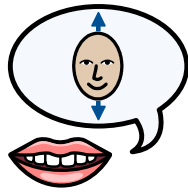

If the other pupil says no the

    
pupil will listen and not

   
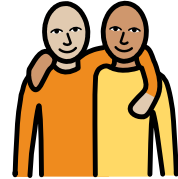

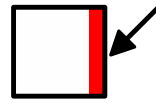

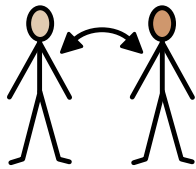

try to hug them. This

    
will help both pupils feel

  
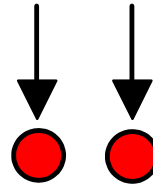

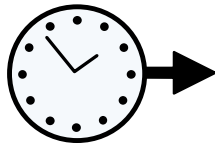

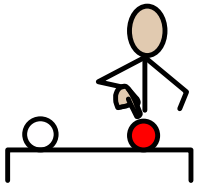

and stay safe.

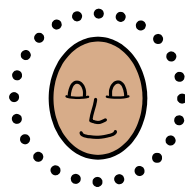

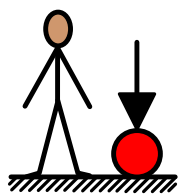

If the pupil says yes, they can

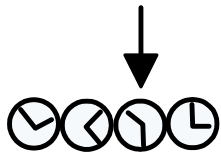

give each other a side hug

This will help both pupils

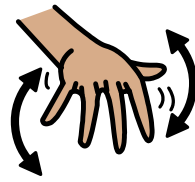

feel and stay safe.

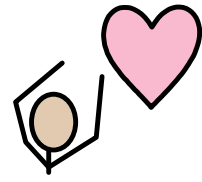

Sometimes

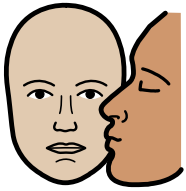

a pupil

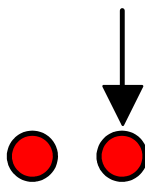

might

want to

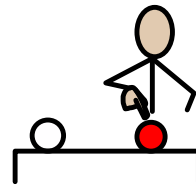

kiss

another

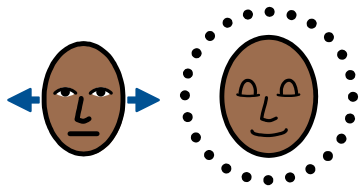

pupil.

This

is

unsafe

touch

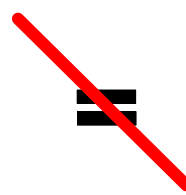

at

Evergreen School

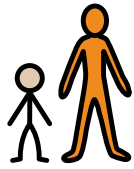

and

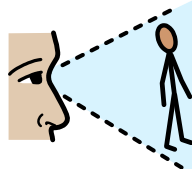

is not

allowed.

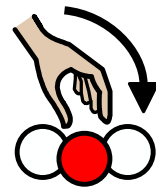

If adults

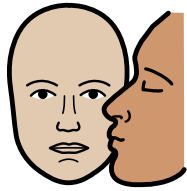

see

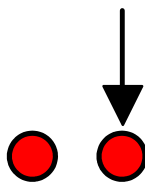

a pupil

trying

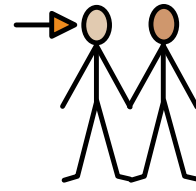

to kiss

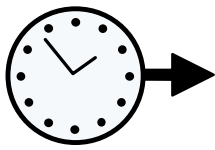

another

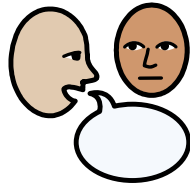

pupil

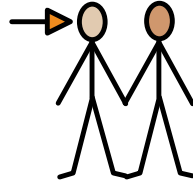

they

will

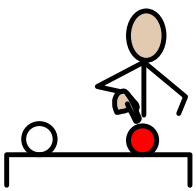

tell

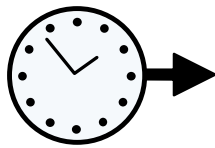

them

to stop.

This

will

help

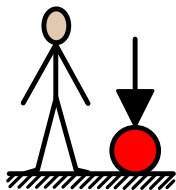

pupils

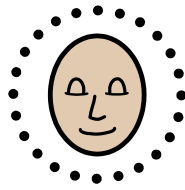

feel

and

stay

safe.

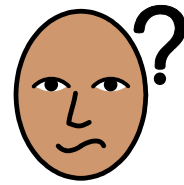

If pupils

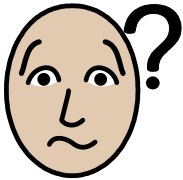

feel

worried,

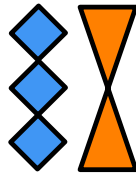

unsure,

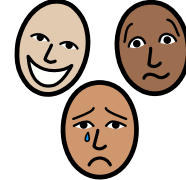

confused

or a

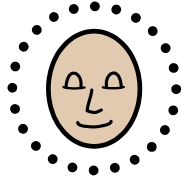

different

emotion

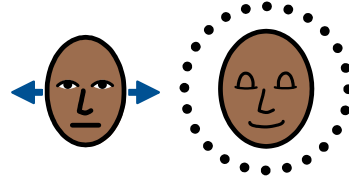

about

safe

and

unsafe

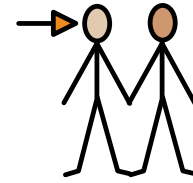

touch

at

Evergreen School

they

can

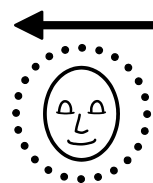

talk

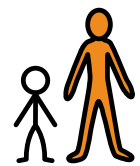

with

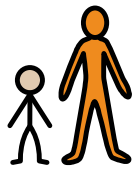

a

trusted

adult.

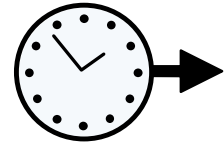

Adults

at

Evergreen School

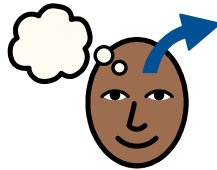

will

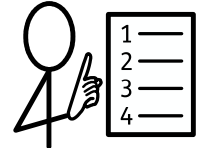

help

pupils

remember

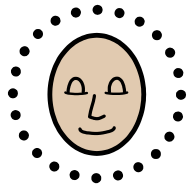

the

rules

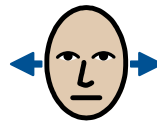

about

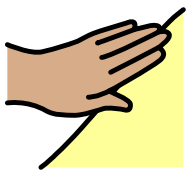

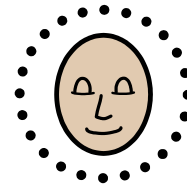

safe

and

unsafe

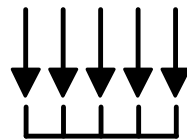

touch

to

help

all

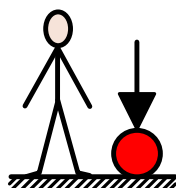

pupils

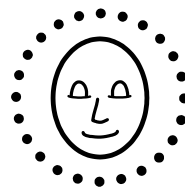

feel

and

stay

safe.
